BUFFALO POLICE DEPARTMENT TRAINING BULLETIN

ROCCO J. DIINA
COMMISSIONER OF POLICE

03/22/02

TRAINING BULLETIN NO. 2002-01

USE OF FORCE

GOVERNMENT
EXHIBIT

2

PURPOSE

The use of force by a Police Officer in the performance of duty, especially the use of deadly physical force, has traditionally been one of the most controversial aspects of police work. National and statewide attention has again recently focused on the issues of Police Officer use of force and abuse of force. It is incumbent upon all professional Police Officers and agencies to have a clear understanding of the permissible use of force by Officers in the performance of their duties. It is the purpose of this Training Bulletin to once again call attention to this issue and to reinforce the policy of the Buffalo Police Department regarding the use of force.

POLICY

Law Enforcement Officers are authorized to use force in pursuit of legitimate law enforcement objectives. Those objectives include making lawful arrests, achieving and maintaining control of resistive subjects and defending themselves and others.

IT IS THE POLICY OF THE BUFFALO POLICE DEPARTMENT THAT ITS OFFICERS USE ONLY THE AMOUNT OF FORCE THAT IS REASONABLY NECESSARY TO ACHIEVE LEGITIMATE LAW ENFORCEMENT OBJECTIVES. EXCESSIVE OR UNREASONABLE FORCE SHALL NOT BE USED. ANY FORCE USED MUST BE CONSISTENT WITH FEDERAL CONSTITUTIONAL AND NEW YORK STATE STATUTORY STANDARDS.

DEFINITIONS

- **DEADLY FORCE:** Any use of force which, under the circumstances in which it is used, is readily capable of causing death or other serious physical injury.
- **NON-DEADLY FORCE:** Any use of force other than deadly force. This includes any physical effort used to control or restrain another, or to overcome the resistance of another, as well as the use of chemical agent projector.
- **OBJECTIVELY REASONABLE:** This term means that, in determining the necessity for force and the appropriate level of force, Officers should evaluate each situation in light of all known circumstances confronting them (*"the totality of the circumstances"*). The reasonableness of their decisions about force will be judged from the perspective of a reasonable Officer on the scene without regard to underlying intent or motivation. In other words, objective factors, not the Officer's good or bad motives in using force, determine what is reasonable and lawful.

USE OF FORCE IN GENERAL/USE OF NON-DEADLY FORCE

1. Federal Standard

In *Graham v. Connor*, 490 US 386, the United States Supreme Court held that, in order to be constitutional, use of force by an Officer must be "**OBJECTIVELY REASONABLE**" given the

00001471

situation confronting the Officer. The factors that enter into a determination as to whether force used is "reasonable" include:

- a. the severity of the alleged crime at issue;
- b. whether the suspect poses an imminent threat to the safety of Officers and/or others; and
- c. whether the suspect is actively resisting or attempting to evade arrest by flight.

In making a determination as to the reasonableness of force, courts recognize that Law Enforcement Officers have to make split-second decisions and react quickly in rapidly evolving circumstances. Those necessities are taken into consideration in judging whether force is objectively reasonable.

2. New York State Penal Law Standard

Penal Law §35.30 codifies New York law on use of force. With respect to non-deadly physical force, §35.30(1) provides:

"A police officer or a peace officer, in the course of effecting or attempting to effect an arrest, or of preventing or attempting to prevent the escape from custody, of a person whom he reasonably believes to have committed an offense, may use physical force when and to the extent he reasonably believes such to be necessary to effect the arrest, or to prevent the escape from custody, or to defend himself or a third person from what he reasonably believes to be the use or imminent use of physical force..."

Accordingly, a Police Officer having reasonable cause to believe that a person has committed an offense, may, in order to arrest the suspect, use as much force, short of the deadly variety, as the Officer reasonably believes necessary to effect the arrest and maintain custody of the suspect. An Officer may also use such force as is reasonably necessary to protect the Officer or any other person from the use or imminent use of force.

USE OF DEADLY FORCE

A police officer may be confronted with a decision as to whether to use deadly force in two circumstances: (1) to apprehend or prevent the escape of a suspect; or (2) to defend the Officer or others.

1. Use of Deadly Physical Force to Apprehend a Suspect or Prevent the Escape of a Suspect

A. New York Penal Law Standard

New York Penal Law §35.30(1), subsections (a) and (b), set forth the circumstances in which the use of deadly physical force by Police Officers is permitted to apprehend a suspect or prevent his/her escape:

"A police officer or a peace officer, in the course of effecting or attempting to effect an arrest, or of preventing or attempting to prevent the escape from custody, of a person whom he reasonably believes to have committed an offense, may use physical force when and to the extent he reasonably believes such to be necessary to effect the arrest, or to prevent the escape from custody, or to defend himself or a third person from what he reasonably believes to be the use or imminent use of physical force; except that he may use deadly physical force for such purposes only when he reasonably believes that:

- a) The offense committed by such person was:
 - (i) a felony or an attempt to commit a felony involving the use or attempted use or threatened imminent use of physical force against a person; or
 - (ii) kidnapping, arson, escape in the first degree,

burglary in the first degree or any attempt to commit such a crime; or

b) The offense committed or attempted by such person was a felony and that, in the course of resisting arrest therefor or attempting to escape from custody, such person is armed with a firearm or deadly weapon...

New York Penal Law §35.30(2) places one further restriction on the use of deadly force to apprehend suspects or prevent their escape. That section provides:

"The fact that a police officer or a peace officer is justified in using deadly physical force under circumstances prescribed in paragraphs (a) and (b) of subdivision one does not constitute justification for reckless conduct by such police officer or peace officer amounting to an offense against or with respect to innocent persons whom he is not seeking to arrest or retain in custody."

As a result, an Officer's right to use deadly force to arrest or prevent an escape, even though otherwise justified under state and federal law, is qualified and superseded by his/her duty to avoid injuring innocent persons by reckless or criminally negligent use of deadly force, such as a firearm.

B. US Constitutional Limitation on Penal Law §35.30(1) (a) and (b) – the "Fleeing Felon" Rule.

The authority to use deadly force to apprehend suspects or prevent escape set forth in Penal Law §35.30(1) (a) and (b), above, has been limited by the Supreme Court's decision in *Tennessee v. Garner*, 471 US 1. That case held that an Officer is justified in using deadly force to apprehend a suspect or prevent his/her escape only if: (1) that degree of force is necessary (the Necessity Component); AND, (2) the officer has probable cause to believe the suspect poses a significant threat of death or serious physical injury to the officer or others (the Dangerousness Component). The Dangerousness Component is satisfied if the suspect threatens the officer or others with a deadly weapon OR the suspect has committed a crime involving the infliction or threatened infliction of serious bodily harm. Before using deadly force, the Officer must also warn the suspect of the intended use of deadly force, if feasible.

As a result of the *Tennessee v. Garner* decision, an officer's use of deadly force to apprehend a suspect or prevent an escape must satisfy New York State Penal Law §35.30 standards AND the "fleeing felon" rule.

2. Use of Deadly Force in Self-defense or Defense of Others

New York Penal Law §35.30(1), subsection (c) governs the use of deadly force by a Police Officer in defense of self or other persons. That subsection authorizes the use of deadly force whenever:

"Regardless of the particular offense which is the subject of the arrest or attempted escape, the use of deadly physical force is necessary to defend the police officer or peace officer or another person from what the officer reasonably believes to be the use or imminent use of deadly physical force."

Under federal law, the test is whether the use of deadly force is "objectively reasonable" given the totality of the circumstances.

DEPARTMENTAL RULES

This authority to use reasonable force and only reasonable force, whether deadly or non-deadly, has been reinforced and supplemented in this Department by the enactment of Rules 3.6 and 3.27, which state:

Rule 3.6: *"Members shall not use unnecessary force or violence toward any person, but shall use only such force as may be necessary to accomplish their lawful purpose and in conformity with existing law."*

Rule 3.27: "Employees shall use force only as necessary and in accordance with current law and directives."

THE SERIOUSNESS WITH WHICH THE DEPARTMENT VIEWS THE USE OF DEADLY PHYSICAL FORCE UNDER ANY CIRCUMSTANCES AND THE USE OF FIREARMS SPECIFICALLY IS EVIDENT BY THE OTHER RESTRICTIONS IMPOSED BY THE DEPARTMENT ITSELF PROHIBITING THE INDISCRIMINATE DISPLAY AND USE OF FIREARMS) AND REQUIRING THAT OFFICERS USE THE UTMOST DISCRETION IN DISCHARGING A FIREARM (RULE 3.28). EVERY MEMBER OF THIS DEPARTMENT SHOULD ALSO PERIODICALLY REVIEW THE APPLICABLE SECTIONS (3.6.12, 3.6.15, 3.6.18) OF THE MANUAL OF PROCEDURES TO ENSURE FAMILIARITY AND COMPLIANCE WITH ALL PROVISIONS GOVERNING USE AND DISPLAY OF FIREARMS.

USE OF FORCE OPTIONS AND CONTINUUM

A Use of Force Continuum is a progression of force options available to an Officer to control a situation. The control/force options available to BPD Officers are as follows:

- LEVEL 1 Officer Presence and/or Verbal Commands
- LEVEL 2 Empty-Hand Controlling Techniques (excluding Pain Compliance Holds)
- LEVEL 3 Pain Compliance Holds and/or Chemical Agent
- LEVEL 4 Physical Skills, Physical Tactics and/or Impact Weapons
- LEVEL 5 Deadly Force

It is expected that an Officer will almost always first try to establish and maintain control of a subject or situation through use of presence and verbal dialogue or commands before progressing to use of the higher levels of force. However, it is permissible for an Officer to escalate quickly through the force options or skip steps, depending on a tactical evaluation of the situation. In other words, this continuum can be viewed as an elevator, as well as a ladder, and an Officer may go directly to any level of force on the continuum, providing that the Force Option(s) selected is reasonable.

An Officer also has the option to disengage from physical contact with the subject and/or escalate to a higher level in the Use of Force continuum in order to employ the proper level of force as the encounter continues. An Officer may decide to disengage either temporarily or entirely, depending on circumstances. In fact, it may sometimes be necessary to disengage in order to escalate and gain control.

Also, keep in mind that proper police action need not always consist of some form of physical engagement, even if the subject's actions would justify it. OFFICER SAFETY IS ALWAYS A KEY PRIORITY. Use of movement, cover and concealment are keys to Officer safety during confrontations or potential confrontations – particularly those in which a subject has or may have a firearm or other potentially dangerous weapon.

Once control of a subject or subjects has been established, an Officer should de-escalate to a force level sufficient to maintain that control. Once the situation is under control, an Officer has a responsibility to ensure the safety of all persons involved in the encounter and to provide appropriate custodial care for any subject(s) involved in the incident.

Selection of a reasonable force option under pressure is one of the most difficult aspects of a Law Enforcement Officer's job. The Department and the law recognize that Officers are expected to make split-second decisions in rapidly evolving circumstances and that the amount of time available to evaluate and respond to a situation may impact on the Officer's decision. The Department also recognizes that there is no one hard and fast formula or equation to determine appropriate use of force. However, the Department has developed a graphic version of the Use of Force Continuum as a training tool to provide guidance to Officers in making use of force decisions. The continuum shows types of subject actions commonly encountered by Police, categorized as "Compliant/Cooperative", "Passive/Verbal Resistance", "Active Resistance", "Physical Resistance", and "Deadly Resistance", coupled with generally permissible force level options.

While the chart below focuses on the subject's actions to select a force option, a number of other factors should be taken into consideration as part of the "totality of the circumstances". These factors are not necessarily reflected in the chart below but may legitimately affect the

Officer's selection of a force level option, either up or down the continuum. These Escalation/De-escalation factors include, but are not limited to:

- Officer/Subject Factors (*e.g., relative age, size, strength or skill level, injury/exhaustion, number of Officers versus number of subjects*)
- Influence of Drugs or Alcohol
- Presence/proximity of Weapons
- Other Tactical Factors (*e.g., position of advantage, cover, time for decision*)
- Availability of Other Options

In the final analysis, no graph or chart can substitute or eliminate the need for an Officer's reasoned decision about use of force based on training, experience, common sense and good judgment. Each Officer has an individual legal responsibility to ensure that the force used is reasonable and justified under current law and should act accordingly.

USE OF FORCE CONTINUUM

SUBJECT'S ACTION

COMPLIANT/COOPERATIVE

SUBJECT IS COOPERATIVE AND COMPLIES WITH OFFICER REQUESTS OR COMMANDS.

OFFICER'S REACTION

USUALLY THERE ARE NOT MANY USE OF FORCE CONCERNS IF A SUBJECT COMPLIES WITH THE OFFICER'S COMMANDS. ROUTINE ARREST AND HANDCUFFING PROCEDURES ARE TO BE FOLLOWED.

LEVEL 1

PASSIVE/VERBAL RESISTANCE

SUBJECT DOES NOT PHYSICALLY RESIST THE OFFICER BUT REFUSES TO COMPLY WITH THE OFFICER'S VERBAL COMMANDS OR SUBJECT IS VERBALLY ABUSIVE, INSULTING OR TAUNTING (BUT IS NOT VERBALLY THREATENING TO CAUSE IMMINENT HARM TO THE OFFICER) AND REFUSES TO COMPLY WITH THE OFFICER'S VERBAL COMMANDS

THE OFFICER SHALL USE VERBAL TECHNIQUES AIMED AT ACHIEVING VOLUNTARY COMPLIANCE. ONCE VERBAL TECHNIQUES HAVE BEEN ATTEMPTED AND NO VOLUNTARY COMPLIANCE IS FORTHCOMING, OFFICER IS AUTHORIZED TO USE EMPTY-HAND CONTROLLING TECHNIQUES, EXCEPT PAIN COMPLIANCE HOLDS, AS REASONABLY NEEDED TO GAIN CONTROL.

LEVELS 1-2

ACTIVE RESISTANCE

SUBJECT IS MAKING PHYSICALLY EVASIVE MOVEMENTS (e.g., BRACING, TENSING OR MOVING AWAY) TO DEFEAT THE OFFICER'S ATTEMPT TO CONTROL SUBJECT OR SUBJECT IS VERBALLY THREATENING TO CAUSE IMMINENT PHYSICAL HARM TO THE OFFICER OR ANOTHER OR THE SUBJECT VERBALLY SIGNALS AN INTENTION NOT TO BE TAKEN INTO OR RETAINED IN CUSTODY, PROVIDED THE SUBJECT'S INTENTION TO PHYSICALLY RESIST THE OFFICER IS CLEAR.

THE OFFICER IS AUTHORIZED TO USE THE AMOUNT OF FORCE **REASONABLY NECESSARY** TO OVERCOME THIS BEHAVIOR BY USING EMPTY-HAND CONTROLLING TECHNIQUES, INCLUDING PAIN COMPLIANCE HOLDS AND/OR DEPARTMENT-ISSUED CHEMICAL AGENT.

LEVELS 1-3

PHYSICAL RESISTANCE

SUBJECT ENGAGES, OR IS ABOUT TO ENGAGE, IN BEHAVIOR BEYOND ACTIVE RESISTANCE, SUCH AS GRABBING, PUSHING, PUNCHING, KICKING, BITING, THROWING OBJECTS OR ANY OTHER BEHAVIOR IN WHICH THE OFFICER, OR ANOTHER, BECOMES THE OBJECT OF THE SUBJECT'S RESISTANCE OR AGGRESSION.

THE OFFICER IS AUTHORIZED TO USE THE AMOUNT OF FORCE **REASONABLY NECESSARY** TO OVERCOME THIS RESISTANCE OR AGGRESSION BY USING EMPTY-HAND CONTROLLING TECHNIQUES, INCLUDING PAIN COMPLIANCE HOLDS, DEPARTMENT-ISSUED CHEMICAL AGENT, PHYSICAL TACTICS AND SKILLS AND/OR IMPACT WEAPONS.

LEVELS 1-4

DEADLY RESISTANCE

SUBJECT ENGAGES OR IS ABOUT TO ENGAGE IN ACTIONS THAT THE OFFICER REASONABLY BELIEVES CONSTITUTE DEADLY FORCE UNDER THE NEW YORK STATE PENAL LAW. THIS INCLUDES ATTEMPTS TO RENDER THE OFFICER UNCONSCIOUS, GRABBING FOR THE OFFICER'S SERVICE FIREARM, BLOWS TO VITAL ORGANS, STABBING, SHOOTING OR ANY OTHER ACTION THAT WOULD CREATE A LIKELIHOOD OF CAUSING THE OFFICER SERIOUS INJURY OR DEATH. ALSO INCLUDES THE SUBJECT WHO AN OFFICER REASONABLY BELIEVES IS USING OR IS ABOUT TO USE DEADLY PHYSICAL FORCE AGAINST ANOTHER PERSON.

OFFICER IS AUTHORIZED TO USE THE AMOUNT OF FORCE **REASONABLY NECESSARY** TO PRESERVE THE OFFICER'S OR ANOTHER'S LIFE OR TO PREVENT SERIOUS PHYSICAL INJURY, UP TO AND INCLUDING THE USE OF DEADLY PHYSICAL FORCE.

LEVELS 1-5

ESCALATION/DE-ESCALATION FACTORS (EXAMPLES)

Officer/subject factors
Influence of drugs or alcohol
Presence/proximity to weapons

Availability of other control options
Seriousness of Offense

USE OF FORCE REPORT (P-1374) REVISED

PURPOSE

The purpose of this training bulletin is to familiarize officers with the guidelines pertaining to the Use of Force Report, form P-1374.

There are three primary reasons for the implementation of this reporting requirement.

- When properly filled out, the report serves as a good descriptive record of an incident that indicates specifically why and what force was used. The facts contained in this report can also aid the Officer and the City of Buffalo in refuting false claims of unjustified or excessive uses of force.
- Use of this report in conjunction with proper supervisory review can help to identify and deter improper use of force by Officers.
- To identify and assess training needs.

USE OF FORCE REPORTING REQUIREMENT

The Use of Force Report will be filled out every time a Police Officer uses a "Reportable Use of Force" as defined below:

Reportable Use of Force is the use on a subject of:

A. whenever (s)he

1. Applies any level of physical force as defined in the M.O.P. 3/ 6.9 on a person; or.
2. uses chemical spray on or affecting a person;
3. Charge a subject with resisting arrest in violation of the NYS Penal Law Section 205.30.

a. When a member of the Department charges a subject with resisting arrest in violation of the NYS Penal Law Section 205.30, that member shall promptly notify their immediate on duty supervisor. The on-duty Supervisor shall as soon as practical, and in any event prior to the end of their tour of duty, conduct an investigation into the circumstances of the arrest and enter their findings on the subordinate's P-1374.

B. In addition to a P-1374, a member of the Department shall prepare a written report on an Intra-Departmental Memorandum (form P-73) whenever the member:

1. discharges his/her firearm for other than training or recreational purposes (refer to M.O.P. 3/6.33);
2. takes any law enforcement action that results in, or is alleged to have resulted in serious physical injury or death to another person

Reportable Use of Force does not include:

1. empty-hand controlling techniques short of pain compliance holds;
2. customary handcuffing techniques when used as a restraint for arresting or transporting a subject who offers no or minimal resistance;
3. display only of a weapon (vs. its use).

Each individual Officer who uses a Reportable Use of Force during an incident shall complete and forward a Use of Force Report through the Chain of Command. For example, if three Officers each use reportable force during a single arrest, all three are required to fill out a separate report using the same incident number.

The Use of Force Report shall be filled out for any Reportable Use of Force occurring while an Officer is acting in an official law enforcement capacity. This includes both uniformed and plainclothes Officers acting in an official capacity while either on or off duty.

The Use of Force Report shall be filled out in its entirety. Any area that is not applicable shall be marked as such (N/A). Upon completion of the Use of Force report, the Officer must sign it and submit the report to be reviewed upward through his/her respective Chain of Command.

Command Responsibilities

The Immediate Supervisor shall:

Review the report and shall identify/interview witnesses to the use of force and document the scene of the incident. The on duty supervisor shall make comments on the P- 1374 and fax it to the Professional Standards Division at extension 5229 prior to the end of their tour of duty. If a fax is not possible, due to equipment failure, the on duty supervisor shall immediately leave a voice message with the Professional Standards Division at extension 4557. The voice message shall contain the supervisor's name, subordinate's name, incident number, and the reason for not faxing the P-1374.

Each member of the chain of command shall review the report for completeness and accuracy and conformity with the Department's Use of Force policy. Each member of the chain of command, up to rank of Chief, shall prepare a P-73, through their chain of command and directed to the Professional Standards Division. All reports must be completed and submitted to the Professional Standards Division within 10 days of the incident. Determine whether use of force is justified in light of the facts reported and known to the supervisor and make appropriate recommendations as to the disposal of the incident.

The original copy shall be forwarded to the Professional Standards Division. Professional Standards shall then review all Use of Force Reports to determine adherence to the Rules, Regulations, Policies and Procedures of the Buffalo Police Department.

MANUAL OF PROCEDURES
CHAPTER 3 : ARRESTS

6.0 USE OF FORCE

6.3 POLICY

It is the policy of the Buffalo Police Department to use only that amount of physical force that is *reasonably necessary to achieve a legitimate law enforcement objective, including protecting a person from the imminent use of physical force, effecting an arrest or preventing an escape from custody. Any force used must be consistent with the Fourth Amendment of the United States Constitution and Article 35 of the New York State Penal Law. Excessive or unreasonable force shall not be used.*

6.6 USE OF FORCE - GENERALLY

A. Members of the Department must be familiar with Article 35 of the NYS Penal Law which outlines the legal parameters for the use of physical force and the use of deadly physical force.

B. Physical force shall only be used when no other viable option is available.

C. When force is used, only *that* amount of force that is *reasonably* necessary to overcome *a subject's* resistance *or aggression* shall be employed.

D. The use of force must be reasonable and can never be reckless.

E. During an encounter in which force has become necessary, the level of resistance *or aggression displayed by the subject* may vary at different points in the encounter. The level of force used by the Officer *shall* be adjusted to changes in the suspect's *level of resistance or aggression*.

6.9 USE OF FORCE CONTINUUM

A. Members of the Department may use no more than the amount of force *reasonably* necessary to achieve a legitimate law enforcement objective. *In most cases, the degree of resistance or aggression displayed by a subject will be the primary factor in determining what level(s) of force by the Officer is reasonable and authorized. A subject's reaction to an Officer's attempts at control or restraint may be broadly classified into five categories. Those categories, together with the generally authorized Officer force response options, are set forth below:*

1. Compliant/ Cooperative

The *subject* generally complies with the commands of the Officer and offers no resistance. In this instance the use of force is not authorized, *but customary handcuffing and escort techniques are authorized.*

00001124

is

2. Passive/Verbal Resistance

The subject passively resists the Officer's attempts to gain compliance or

verbally abusive, insulting or taunting and refuses to comply with the Officer's commands, but is not verbally threatening to cause imminent physical harm to the Officer or another person. The Officer shall use verbal techniques to achieve compliance and if those techniques are unsuccessful, is authorized to take physical control of the subject by grabbing, holding, and /or using customary handcuffing techniques on the subject.

3. Active Resistance

The subject makes physically evasive movements to defeat an Officer's attempt at control (e.g. bracing, tensing, moving away) or verbally threatens imminent harm to the Officer or another person or verbally signals an intention not to be taken into or retained in custody, providing the subject's intent to physically resist is clear. The Officer is authorized to physically restrain and take control of the subject by grabbing, holding forcibly handcuffing and/or using pain compliance holds and/or chemical agent on the subject.

4. Physical Resistance

The subject engages in or is about to engage in resistance or aggression that is aimed directly at the Officer. This includes grabbing, pushing, punching, kicking, biting, throwing objects or any behavior in which the Officer becomes the object of the subject's actions. Physical resistance also includes that situation in which an Officer reasonably believes that the subject is using or is about to use the above degree of physical force against another person. The Officer is authorized to use the amount of force reasonably necessary to overcome the resistance or aggression by using chemical agent, physical skills, physical tactics or impact weapons, or any appropriate lesser means of force.

5. Deadly Resistance

The subject engages or is about to engage in such an escalated level of resistance or aggression that the Officer reasonably believes the subject's actions constitute "deadly physical force." "Deadly physical force" means physical force that, under the circumstances in which it is used, is readily capable of causing death or other serious physical injury. It may include attempts to render the Officer unconscious, grabbing for the Officer's service firearm, blows to vital organs, stabbing, shooting, or any other action that would create a likelihood of causing the Officers serious physical injury or death. This category also includes a subject who an Officer reasonably believes is using or is about to use deadly physical force on another person. This level of resistance or aggression authorizes the Officer to use the amount of force reasonably necessary to preserve life or prevent serious physical injury and includes the use of deadly physical force.

00001125

B. Although a subject's level of resistance or aggression is usually the primary factor that determines what level of force is reasonable and authorized, there may be other factors present that may reasonably cause an Officer to escalate or de-escalate the level of force used during an encounter. These factors include, but are not limited to:

- 1. Officer/Subject Factors (e.g. relative age, size, strength, skill level, injury/exhaustion, number of Officers versus number of subjects);*
- 2. Influence of drugs or alcohol;*
- 3. Presence/proximity of weapons;*
- 4. Other tactical factors (e.g. position of advantage, cover, time for decision);*
- 5. Availability of other viable force options.*

6.12 USE OF DEADLY PHYSICAL FORCE

A. Members of the Department may use deadly physical force but only when it is necessary to defend the Officer or third person from what the Officer reasonably believes to be the use or imminent use of deadly physical force.

B. Even if the use of deadly physical force is authorized, the Officer may not be reckless in its use.

C. Depending upon the circumstances in which they are utilized, the use of the night stick, restraining holds, police vehicles, as well as service firearms, may be construed as the use of deadly physical force.

6.15 USE OF FIREARMS

A. Members of the Department shall discharge their firearms at a person only in those circumstances in which it is necessary to defend the Officer or another person from what the Officer reasonably believes to be the imminent use of deadly physical force. In attempting to take a suspect into custody, members of the Department shall discharge their firearms only in those circumstances in which the member reasonably believes that the use of deadly physical force by the suspect is imminent.

B. Members shall not discharge their firearms at or from a moving vehicle unless the member reasonably believes that the use of deadly physical force is necessary to protect the member or another person from the imminent use of deadly physical force by the suspect. Members shall not discharge their firearms at or from a moving vehicle when the consequences of so doing will jeopardize the safety of other members of the Department or innocent bystanders.

C. In those circumstances in which members of the Department are justified in discharging their firearms, they are not allowed to do so recklessly.

D. Warning shots are prohibited.

00001126

E. Members of the Department may use their firearms for target practice or competition at an approved range. Dry firing or other forms of practice on any Departmental property, except under the personal direction of a firearms instructor, is strictly prohibited.

F. Members of the Department may use their firearms to incapacitate wild, vicious or rabid animals consistent with the guidelines set forth in M.O.P. 2/10.12C.

6.18 DRAWING WEAPONS

A. A member of the Department is authorized to remove his/her firearm from its holster or gun mount and have it ready for immediate use, in any circumstance in which the member reasonably believes his/her life or safety may be in danger.

B. A member of the Department may point his/her firearm at a person when the officer reasonably believes that the person poses an immediate risk of death or serious physical injury to any other person.

6.21 REPORTING REQUIREMENTS - USE OF FORCE OR INJURIES TO CIVILIANS

A. A member of the Department shall *promptly* prepare a *"Use of Force Report" (form P1374) whenever (s)he:*

- 1. applies any level of physical force as defined in 6.9 A3,4.or 5 above on a person; or.*
- 2. uses chemical spray on or affecting a person.*

A. In addition to a P-1374, a member of the Department shall prepare a written report on an Intra-Departmental Memorandum (form P-73) whenever the member:

- 1. discharges his/her firearm for other than training or recreational purposes (refer to M.O.P. 3/6.33);*
- 2. takes any law enforcement action that results in, or is alleged to have resulted in, serious physical injury or death to another person.*

C. All reports submitted pursuant to subdivision "A" and "B" above shall be forwarded through the chain of command to the Professional Standards Division. Each member of the chain of command shall review the report for completeness and accuracy and conformity with the Department's use of force policy. Immediate supervisors shall make comments on the P-1374. Higher members in the chain of command shall prepare a P-73 directed to the Professional Standards Divisions with recommendations as to the disposal of the incident. The Professional Standards Division shall provide the Director of the Training Academy with a copy of each P-1374 so that (s)he can determine if there are any training issues involved

00001127

D. In the event that the member is incapacitated and unable to prepare the proper reports, the member's immediate Supervisor shall cause the reports to be prepared in the member's behalf.

E. The Professional Standards Division shall review all such reports and make recommendations to the Commissioner. In addition, the Professional Standards Division shall make an annual review of all such incidents and report any patterns or trends that may necessitate additional or modified training, or that may require alterations in policy.

6.24 PERSONS INJURED RESULTING FROM THE USE OF FORCE

In all circumstances in which a person is injured by a member of the Department as a result of the use of force other than deadly physical force :

A. the member shall have the injured person taken for medical treatment;

B. notify his/her immediate supervisor;

C. prepare form P-1261 (Request For Medical Attention of Injured Prisoner).

6.27 USE OF CHEMICAL SPRAY

A. The Product

The only chemical agent projector (C.A.P.) to be used by an on duty member of the Buffalo Police Department is the Department issued Freeze + P. In addition to the active ingredients that are designed to cause a temporarily debilitating physical condition, it also contains an ultra-violet dye which is detectable for a period of up to forty-eight (48) hours on any person sprayed.

B. Issuance

The Department issues authorized chemical agent projectors to those Officers trained in its use. The chemical agent projector issued by the Department is for on duty use only and it is not to be used or carried while the member is off-duty or while employed outside the Department.

C. Replacement

Requests for replacement of empty or malfunctioning chemical agent projectors shall be submitted on an Intra-Departmental Memorandum which shall include an explanation of the necessity for the replacement. When an Officer requests replacement of an empty container, a check will be made to determine if the appropriate number of reports (P-1125) have been submitted to reflect why the chemical agent container is empty. If an appropriate number of reports have not been submitted, the Officer will not be issued a replacement chemical agent.

1. Although chemical agent containers are stamped with a date on the canister, the chemical agent is effective as long as the product is able to be discharged from the canister.

2. If an issued chemical agent projector is lost by any member of the

00001128

Department, the member must immediately report the loss in writing. The report shall detail the circumstances of the incident and shall be forwarded to the Training Academy through the chain of command.

D. Use

1. In General

Chemical agent projector spray is a use of force and shall be used only in conformity with the Departmental policy on use of force.

Accordingly, chemical agent projector spray may be used only when its use is reasonably necessary to achieve a legitimate law enforcement objective. As a general rule, chemical agent projector spray is authorized for use on a subject when an Officer encounters "Active Resistance" or "Physical Resistance", as those terms are defined in the Department's Use Of Force Continuum.

2. Special Policy for Use in Cell Block

Chemical agent projector spray may be used in the Cell Block only in conformity with (1) above, but with further limitations. Chemical agent projector spray may be used in the Cell Block when a detainee is attempting to injure himself, a cell block attendant, police officer or another person or when the detainee is attempting to escape custody. Alternative "lesser" means of force should be used first, unless to do so would create an unreasonable risk of injury to a police officer, a Cell Block attendant, the detainee or another person. "Lesser means of force" for this purpose means verbal compliance techniques, grabbing and basic "come along" holds. When a detainee is confined to a cell, chemical agent projector spray may be used if the detainee is attempting to cause substantial property damage and entering the cell would create an unreasonable risk of injury for any person. Absent exceptional circumstances, a supervisory officer of the rank of Lieutenant or above should be contacted and present when chemical agent is used on a detainee confined to a cell. Chemical agent projector spray shall not be used on a person confined to a restraint chair.

E. Officer Accidentally Sprayed With A Chemical Agent

In the event that an Officer is accidentally sprayed with a chemical agent, or is intentionally sprayed by another person, the safety of that Officer becomes paramount. The attempted apprehension of the suspect must be abandoned if the safety of the sprayed Officer is unduly jeopardized. Decontaminant spray has been issued to the Patrol Division and shall be used in such cases.

F. Decontamination

1. The arresting Officer is responsible for the decontamination of any prisoner sprayed with a chemical agent.. Decontamination will be accomplished prior to booking the prisoner. The Officer will decontaminate the prisoner by:

00001129

- a. *assisting the prisoner in using the eyewash unit located in the first floor restroom near Central Booking Bureau or the eye wash unit in the cellblock; or*
- b. *if the prisoner cannot be decontaminated with water within twenty (20) minutes, by using Department issued Bioshield or by transporting the prisoner to the nearest hospital*

2. If the chemical agent is used indoors, occupants are to be advised to air out the room where the chemical agent was used, for at least one hour before using the room.

G. Reporting

1. The "Use of Force Report" (form P-1374) must be completed any time a member of the Department discharges a chemical agent, *except those discharges occurring during testing, training, a malfunction, a use against an animal or an accidental discharge with no person affected. A P-1374 shall be completed by each Officer using the chemical agent.*
2. *Accidental discharges with no person affected or uses against animals require an Intra- Departmental Memorandum with explanation directed to the Training Academy.*
3. *Command Officers must complete a P-1374 in every instance in which the chemicals in a command pack are discharged.*

6.30 PERSONS KILLED OR SERIOUSLY INJURED RESULTING FROM THE USE OF DEADLY PHYSICAL FORCE

TRAINING BULLETIN

COMMISSIONER

REISSUED

TRAINING BULLETIN 95-04

9/5/95

BUFFALO POLICE PURSUIT POLICY

PURSUIT DEFINED:

An attempt by a police officer, while driving a marked police vehicle, to arrest a suspect who is driving a motor vehicle and who is attempting to avoid capture by the use of evasive driving tactics which violate the law, thereby willfully and knowingly failing to yield to the officer's use of emergency lights and siren.

DECISION TO INITIATE PURSUIT:

The decision to pursue shall only be made after a careful consideration of all of the following relevant factors:

1. Nature of the offense.
2. Time of day.
3. Weather conditions
4. Geographic location/population density.
5. Familiarity with the area.
6. Vehicle capability and reliability.

Pursuit **will not be initiated** if the reason for the attempted stop is only for VTL violations, misdemeanors, or other non-violent felonies. This specifically prohibits pursuits for UUV's, possession of stolen property (MV) or Grand Larceny of a motor vehicle.

In all pursuits it is required to use Sirens and Emergency Lights. The use of Sirens shall be used in a manner that will not interfere with communications.

Unmarked motor vehicles or motor cycles will not engage in pursuits, they may follow until marked units arrive, then they will yield and not participate, in the chase until vehicle is apprehended. they shall not violate VTL in unmarked vehicles or on motor cycles.

DEPARTMENTAL GUIDE LINES: PURSUIT TACTICS

1. The unit that initiates the pursuit shall be the "Primary Unit" and shall broadcast all pertinent information regarding the pursuit.
2. The dispatcher is responsible for limiting the number of cars cleared to assist to primary and secondary units only, other units may monitor from their assigned sectors. Only the primary unit will communicate with dispatch. These two units, along with a Supervisor, shall be the only units to engage in the pursuit. A Supervisor or the Dispatcher may specifically authorize additional units to follow parallel the pursuit to the termination point if:
 - A. The crime involved in the pursuit is of sufficient gravity, and
 - B. The additional authorized units follow at a safe distance and do not participate directly in the pursuit.

3. Units that are not actively involved in the pursuit shall monitor the pursuit and be prepared to provide assistance if directed to do so, while remaining in their patrol sectors.
4. The use of firearms in a pursuit shall be governed by official Departmental shooting policy. (See 9/8.0 MP)
5. Under no circumstances will officers shoot from a moving vehicle.
6. Officers shall not bump or ram the suspect vehicle to terminate a pursuit. Barricading a roadway may not be done unless the suspect is being pursued for an offense that allows for the use of deadly physical force and officers must obtain permission from a Superior Officer. Under no circumstances will a roadway be barricaded by occupied vehicles.
7. Officers must clear intersections before proceeding through them.

ABANDONMENT OF PURSUIT:

It should be emphasized that the primary purpose of a motor vehicle pursuit is to arrest fleeing suspects with the least amount of force necessary and to minimize the risk of harm to persons and property. Therefore, officers who are involved in a pursuit must continuously question whether the seriousness of the violation reasonably warrants continuation of the pursuit.

The decision to engage in pursuit is not irreversible and it is the intelligent officer who knows when to call off the chase. Officers must continually question whether the seriousness of the crime justifies continuing the pursuit. The immediate apprehension of a violator is never more important than the safety of innocent motorists and of the officers themselves. A pursuit shall be abandoned:

1. Immediately upon the orders of a Superior Officer to terminate the pursuit. (First Line Supervisors are required to respond and monitor pursuits.)
2. When Officers lose visual contact with the suspect vehicle.
3. When there is a clear and unreasonable danger to the officer and other users of the highway, clear danger exists when speeds dangerously exceed the normal flow of traffic or when vehicular or pedestrian traffic necessitates dangerous maneuvering exceeding the performance capabilities of the police car or driver.
4. When the violator can be identified to the point where an apprehension can be more safely made at a later time.

Upon termination of pursuit, pursuit vehicles will acknowledge termination of pursuit, will notify dispatch of location, and return to assigned sectors.

REPORT REQUIRED:

In all pursuits, the Duty Officer will cause an investigation to be made and will report the results of the investigation with his/her recommendations to the Commissioner of Police. Officers initiating a pursuit will be required to file a pursuit form, prior to the end of their tour of duty. (Said form to be developed by A>I>U>)

PURSUIT INTO THE CITY OF BUFFALO BY OUTSIDE AGENCIES

1. Buffalo Police Dispatch may assign **one** unit to assist outside agencies pursuing into Buffalo in accordance with our Pursuit Policy.
2. The First Line Supervisor will respond immediately to the termination point of the pursuit.

THIS POLICY WILL NOT BE DISSEMINATED OUTSIDE THE DEPARTMENT.

The only authorized deviation from this policy is: if due to extenuating circumstances a superior officer can justify a pursuit and does so over the air. This superior officer will file a P-73 showing justification attached to the pursuit form.
